the vision

Scott DeNeve founded Platinum Realty in 2005 at the age of 24 during the housing bubble. While many competitors did not survive the recent economic downturn, Platinum Realty has become one of the largest real estate companies in the Midwest with nearly 2,000 agents. Through strategic, sustained and manageable growth, we continue to open additional offices in the Midwest region to serve the needs of our agents and clients.

We attribute our success to the fact that our company is designed with the agent in mind – we do what it takes to make our agents as successful as possible. We accomplish this by providing them with exceptional technology and effective communication tools that allow them to focus on their business and their clients. Our agents have the freedom they need to tailor relationships with their clients in a way that is most effective for them.

As more services are available online, the role of the real estate agent is changing, and Platinum Realty will continue to be at the frontier of it all. Our company has proven itself to be at the cutting edge of the real estate market, and we want to continue to exceed our customers' expectations of quality service and products. Platinum Realty was founded on strong business ethics and values, which will continue to add to the company's future success in the changing real estate market.

"Platinum" was chosen as the company's name to indicate both quality and rarity. If that's a standard you aspire to as well, Platinum Realty is the home for you!

agent testimonials

"This is THE way a real estate company SHOULD operate, no reason to charge large commissions in a technologically advanced society. So thankful to have found a real estate company that operates with a SOUND business plan! The support is AMAZING! It is always great to immediately get a response, no voicemails or appointments needed to talk to someone and get assistance. Thankful to be a part of it!!"

- ANGIE BOWMAN

"I love being an agent at Platinum Realty, the support staff has been great, the online learning tools have been very beneficial, and there are always brokers available to answer questions. Of course, my favorite part is getting to keep 100% of my commission, allowing me to equip my business with additional tools, and provide a higher level of service to my clients. If you haven't looked in to Platinum Realty, I highly recommend you give them a shot."

- TYLER STRICKLIN

"I started at Platinum Realty being a fairly new agent. The moment I walked through the door I felt such warmth and support. I knew immediately this was the place I needed to be to grow my business. I've been at Platinum for about a year now and I still feel the same way. There's no place I'd rather be!"

- SHANA FRANCIS

"I was hesitant to change companies, I thought Platinum sounded too good to be true. Almost two years later the team at Platinum has exceeded my expectations in almost every aspect, my business has grown, incredible broker support, top notch training and a strong eye on technological advancements. I am extremely pleased to be an agent at Platinum."

- JAMIE GERKEN

"After working for another brokerage for 4 years, I just completed my first year with Platinum. I wish I would have made the switch sooner! Systems, support, and the quality of agents are second to none within Platinum Realty! I look forward to many more profitable years with Platinum!"

- ISAAC MURPHY

"I am super happy about joining the Platinum team. The operations team has a very straight forward process with excellent easy access training systems. I love their agent support system and super friendly staff. Platinum is an excellent resource for agents, and buyers and sellers. I love it how they focus on quality service across the company."

agent testimonials

"I made more on one deal at Platinum Realty than five at Prudential. The business model at Platinum Realty is amazing and well thought out. Everything is done for a reason and has a purpose. I was originally concerned how can hundreds of agents possibly be well taken care of and supported, but the broker and staff have it down to a science. I can't imagine working anywhere else in the city."

- ALAN BOYD

"16 years in the business and I've found the real estate company that is the perfect fit for both my clients and me. Cutting edge technology, an emphasis on the environment by being completely paperless and offers the freedom to run my business the way I want - putting my clients first. I see now why it's one of the fastest growing real estate companies in the country. Platinum has figured out what's most important and perfected it!"

- KATHY SHEPPARD

"Platinum Realty is a great place to work with the most competitive commission structure and an entrepreneurial culture, I love it here. They provide all the latest tools backed up with state of the art technology."

- JOHN DAUGHERTY

"I would have to say that after 2.5 years with Platinum Realty, the only regret I have is that I didn't join sooner! Everyone is so helpful and whenever I need assistance, someone is always available... that's BIG! You always hear the saying, "If it sounds too good to be true, then it probably is." Platinum Realty sounds too good to be true, but IT IS TRUE!"

- COLLEEN MOORE

"Platinum Realty leaders believe in teaching their agents structure, organization and business. The services they offer to agents are excellent and leave nothing to be desired. Not to mention, the professionalism that is displayed really sets the organization apart from its counterparts."

- ALISA HENLEY

"Moving to Platinum was the right move for me! Before Platinum Realty, I had a third of every commission going to my broker. With Platinum Realty, I also have the freedom to run my business as I want, with no interference."
